Good Morning Carolyn,

I was out of the office last week so I am just now getting through emails. Do you happen to know who you sent the letters to? Was it Kevin & Carrie Lawrence? I will draft a letter and send it over to you for a quick review, before I have it sent out.

Sincerely,
 Haley

Hi Haley,

Ryan Clemme reminded us that if Amphenol had problems accessing the 400 N Forsythe property for installing well points (temporary wells), then you would contact the company for the permission.

Amphenol/IWM sent two letter requests but had no response (Brad Gentry from IWM is copied on this email).

Would you please see what you can do about getting permission to install some well points and sample the existing wells on the property?

Much appreciated.

Carolyn
